Coils/box (pcs)	8
HS8	39239000
Length (m, ±3%) *	500
Tube id (mm)	63
Width (mm, ±10%) *	13

Description

Lampero Bale Strap WG40 is a non-woven, textile polyester strap also known as hotmelt strap or PES strap.

Lampero Bale Strap offers impressive weathering and chemical resistance, along with 13% elasticity. This allows it to secure goods with exceptional strength while absorbing thermal expansion, contraction, and mechanical shocks.

Lampero Bale Strap WG40 is ideal for binding bales of cardboard max. 300 kg and foil max. 250 kg, usually made using 12-30 ton vertical balers. Bales are usually bound by hand. For added convenience, the H22 Tensioner and CB4F buckles can be used for retensioning. WG40 Bale strap is suitable for use with the following balers: Orwak 5010/5031/Compact 3120/3250/3220/Power 3225/5070HDC (Cardboard)/3400/3410/Power 3420/3800/3810/Power 3820 (Cardboard)/9020, Bramidan B5/B20/B30, Strautmann Balepress 10/Balepress 18, HSM V-Press 605/610/818/820.

Orwak article number: 4872248-00 (250m), 4865260-00.

The strap is made of virgin polyester yarn and adhesive. It complies with EU safety standards for packaging of foodstuffs and personal care products according to Regulation (EC) No 1935/2004.

The product is not subject to REACH registration and contains no SVHC-listed substances (ECHA, 2018-06-28). It is free from heavy metals (Pb, Cd, Hg and Cr(VI)), PFAS, and Persistent Organic Pollutants (POPs). The strap is not recyclable.

*Product dimensions marked with an asterisk may vary within the specified tolerance.
