Box size ( l*w*h cm)	39*39*28
Boxes / layer europallet	6
Breaking Strength (kgf, min.)	600
CPV	39561120-9
Coils/EUR1 pallet (pcs)	288
HS8	39239000
Length (m, ±3%) *	300
Pcs / Box	8
Tube id (mm)	63
Width (mm, ±10%) *	16

## Description

Lampero Bale Strap WG55 is a non-woven, textile polyester strap also known as hotmelt strap or PES strap.

Lampero Bale Strap offers impressive weathering and chemical resistance, along with 13% elasticity. This allows it to secure goods with exceptional strength while absorbing thermal expansion, contraction, and mechanical shocks.

Lampero Bale Strap WG55 is ideal for binding bales of cardboard max. 450 kg and foil max. 350 kg, usually made using 24-60 ton vertical balers. Bales are usually bound by hand. For added convenience, the H22 Tensioner and CB5F buckles can be used for retensioning. WG55 Bale strap is suitable for use with the following balers: Bramidan B30/X30/X40 (Plastic), Orwak 3400/3410/Power 3420/3800/3810/3820 (Plastic).

The strap is made of virgin polyester yarn and adhesive. It complies with EU safety standards for packaging of foodstuffs and personal care products according to Regulation (EC) No 1935/2004.

The product is not subject to REACH registration and contains no SVHC-listed substances (ECHA, 2018-06-28). It is free from heavy metals (Pb, Cd, Hg and Cr(VI)), PFAS, and Persistent Organic Pollutants (POPs). The strap is not recyclable.

\*Product dimensions marked with an asterisk may vary within the specified tolerance.
